CF: Thofiquul

PROFILE

Final-year CSE student and backend & AI engineer seeking a software role to architect scalable systems and ship intelligent products. Founder of CodeTroon, with 750+ problems solved and a strong bias for execution.

PROJECT EXPERIENCE

Blood Donation Management System

Django / PostgreSQL / JavaScript / Cloudinary

- Built a location-based donor–recipient matching platform that cut blood search time.
- Added donor registration, area-based discovery, and automated email notifications.
- Used Cloudinary storage and optimized PostgreSQL for concurrent users.

Coaching Management System

Python / Streamlit / Pandas / Google Sheets

- Built an institute platform for attendance, invoicing, payroll, and students.
- Used Google Sheets as a live backend for non-technical staff.
- Automated salary and finance, cutting admin workload ~70%.

Banking RAG Chatbot

Python / OpenAI API / Vector DB / Streamlit / Telegram Bot

- Built a production RAG chatbot for automated banking support.
- Added vector semantic search for accurate, contextual answers.
- Deployed via Telegram Bot for real-time, zero-touch support.

PROFESSIONAL EXPERIENCE

Mathematics Instructor

Pragya Academic Care / 2+ years

- Taught structured math to secondary & higher-secondary batches, raising pass rates.
- Self-funded ~BDT 6 lakh of university tuition and living costs through teaching.

Fund Manager

Bobbin

- Oversaw fundraising planning, full disbursement cycles, and fiscal discipline.

EDUCATION

B.Sc. Computer Science & Engineering

Int'l Islamic University Chittagong (IIUC)
Final Year / CGPA 3.55 of 4.00

Higher Secondary Certificate

GPA 5.00 of 5.00

Secondary School Certificate

GPA 5.00 of 5.00

TECHNICAL SKILLS

Languages

C, C++, Python, JavaScript

Backend

Django, FastAPI

Frontend

HTML, CSS, JavaScript

Database

PostgreSQL, Google Sheets

AI / ML

ML, Deep Learning, AI Agents, RAG, OpenCV, YOLOv8, OpenAI API

Tools

Git, GitHub, Streamlit, Cloudinary, Telegram Bot API

COMPETITIVE PROGRAMMING

CF Handle: Thofiquul

- 650+ solved on Codeforces, 100+ on Beecrowd (750+ total).
- First & Second Runner-Up, Programming Contests.
- Top 5 Junior Solo (IIUC AU'25); 2nd Team (IIUC Pushback).

KEY ACHIEVEMENTS

- Founded CodeTroon, a software & AI services startup.
- Raised ~BDT 16 lakh fundraising at Bobbin via networking & communication.
- Active Member, Durbar Taronno Club, social welfare & volunteer drives.
- Problem Setter, IIUC Contest AU'25, designed & validated original problems.
- Bootcamp Coordinator, IIUC CP Society, mentored juniors and grew CP culture.
